

Oregon Public Universities

Majors and Minors

This list includes areas of study for undergraduate majors and minors at the public universities in Oregon. This list is intended to serve as a guide to steer individuals towards areas of interest but programs may be titled differently or be under different classifications at each specific campus. Graduate programs are not included, with the exception of Education and pre-professional programs like pre-med and pre-law. For more information, including specific program names and descriptions, concentrations within majors, certificates, co-majors, and graduate programs, speak to admissions representatives or refer to individual college publications or websites.
